SCHEMA TECNICA

technical data

DESCRIZIONE / DESCRIPTION

Portanza / Load-bearing
sostenuta / supported

Struttura / Structure

Massello in poliuretano espanso ignifugo indeformabile denominato Elast 30 spessore 120 mm, densità 30 kg/mc ad alta resilienza / Plank in flame-resistant crushproof expanded polyurethane called Elast 30, thickness 120 mm, density 30 Kg/m³ with high resilience.

Rivestimento / Upholstery

Tessuto ignifugo denominato Antiflame (100% poliestere, peso 131 g/m²), sfoderabile con filo ad alta resistenza / Flame-resistant fabric called Antiflame (100% polyester, weight 131 g/m²), removable, with a high-resistance thread.

STRUTTURA / STRUCTURES
